Foresters  
Financial

**Comprehensive and simplified issue plans plus rewarding member benefits**

<sup>1</sup> Insurability depends on answers to medical and other application questions and underwriting searches and review. <sup>2</sup> Foresters Financial member benefits are non-contractual, subject to benefit specific eligibility requirements, definitions and limitations and may be changed or cancelled without notice or are no longer available. <sup>3</sup> Underwritten by The Independent Order of Foresters. <sup>4</sup> Foresters, their employees and life insurance representatives, do not provide, on Foresters behalf, financial, estate, tax or legal advice. Individuals should consult their tax, estate or legal advisor regarding their situation. <sup>5</sup> Loans can be taken if the certificate is in effect and has a positive cash surrender value. Loans will reduce the death benefit and cash values and may affect how long the certificate is in-force. Interest is charged daily at the contractual loan rates. Death benefit payable is net of the outstanding certificate loan amount(s) (note loan amount includes accrued interest). If, at any time, the loan amount exceeds the cash value at that time plus the present value of paid-up additional insurance then in-force and the amount of dividends on deposit at that time, then the certificate will terminate. Loans may be considered a reportable tax event. Your client should consider consulting their tax advisor for details on their specific situation. <sup>6</sup> Quit Smoking Incentive are only available on Advantage Plus, Advantage Max and Non-Par Whole Life (single life only). <sup>7</sup> When a claim is paid to the beneficiaries; Foresters will pay the eligible designated charitable organization in the name of the insured. The designated charitable organization must be registered as a charity with the Canada Revenue Agency. The Charity Benefit will only be paid if an eligible beneficiary for the benefit has been designated, prior to, and is in effect on, the date of the death of the insured. <sup>8</sup> Underwritten by Foresters Life Insurance Company.
